## ANTI-COUNTERFEIT POLICY STATEMENT

Sumac Precision Engineering Ltd understands that counterfeiting is a serious issue and poses a significant safety hazard within our industry. We have adopted an Anti-Counterfeit Policy that complies with the requirements of [Defence Standard 05-135 \(Avoidance of Counterfeit Materiel\)](#) to eliminate the impact of counterfeit products on Sumac Precision Engineering Ltd and our customers. This is a zero tolerance Policy against knowingly and intentionally trafficking counterfeit goods.

Sumac Precision Engineering does not use, nor condone the use of counterfeit products and maintains processes such as [Process 14 – Purchasing](#) to ensure purchases are only made directly from approved suppliers, manufacturers, franchised distributors or agents.

To support this policy of ensuring that there is a low risk of counterfeit products entering our supply chain, we require and flow down requirements to our supply chain to in relation to Prevention of Counterfeit Product via [Manual 2 - Supplier Quality & Regulatory Requirements](#).

Should a suspect counterfeit or counterfeit product be found, Sumac Precision Engineering shall quarantine such material and report the finding to the supplier and appropriate authorities as per [Process 13 – Control of Non-Conforming Outputs](#).
